The U.S. Army Corps of Engineers posted notice of the application for a letter of permission (LOP-10R) for Superior Connection's Telecommunications Tower Installation Project. This project is proposed west of Ackley Road in Section 25 of Township 48N, Range 4W.

In accordance with Section 401 of the Clean Water Act (CWA), the Bad River Band of Lake Superior Tribe of Chippewa Indians has examined the application for a letter of permission and determined that there is reasonable assurance—with conditions attached—that the activities associated with this authorization will be consistent with relevant water quality considerations.

The Tribe seeks comments on its proposed CWA Section 401 Certification associated with a letter of permission for the Superior Connection's Telecommunications Tower Installation Project. Written comments can be sent via email or post office to:
